

Jason Andrews (President)

Jason Andrews is President of Andrews Space. Mr. Andrews is responsible for the company's day-to-day operations including management of emerging business opportunities, technical programs, and marketing and public relations. Under his leadership, Andrews Space has experienced rapid growth of 100% per year since the Company's inception in 1999. Mr. Andrews is also responsible for launch vehicle performance analysis, concept and preliminary design, as well as design integration, detailed systems engineering and project management.

Prior to founding Andrews Space, Mr. Andrews worked at Kistler Aerospace Corporation where he held a range of positions including K-1 Vehicle Two Project Manager, Design Integration Manager, Propulsion Project Engineer and Performance Analyst.
